

CLEAR BASIS. WRITTEN CONFIRMATION.

Trading overview

Program summary | Prepared September 22, 2026

Origin agreement

Supply is contracted under a 24-month master agreement, with an FOB Mombasa origin shipment basis and Green Coffee Association terms. Use of GCA terms does not imply GCA membership.

Pricing basis

Arabica offers use a differential to the ICE Coffee C contract. Robusta offers use a differential to the London Robusta contract. The benchmark month, differential, currency, unit and final delivery basis are confirmed in the written offer.

Buying position

The initial online listings are planned grades, not firm spot offers. Warehouse, bags available, minimum lot size, arrival window and lot reference are confirmed individually. US buyer delivery terms are stated separately from the origin FOB basis.

Samples and orders

A sample inquiry creates no purchase commitment. Availability, dispatch arrangements and any charges are agreed before a sample is sent. A purchase requires a separate written agreement.

Final terms

Payment terms, specifications, delivery responsibilities, quality remedies, inspection and claims procedures follow the executed contract. This overview is informational and does not replace legal or onboarding documents.
